Hi Nancy,

Thanks for the ping. See attached for the most current version of our internal use talking points (not for sharing/distributing). Thanks, and let us know if you have any questions on the lab work. Copying Jeff to see if he has anything he can share on the PFAS Council, though I think Deb is on that (leading it, even?).

The NE states have set up a meeting. I believe CLF/PEER may be in attendance. Deb will not be in the lead- she wants to be informed. She will not speak for OPP- will likely refer any follow-on issues to OPP. Let me know if want to discuss.

Yes, this is ok – this is all material that has been discussed with Maryland. What’s the purpose of Deb’s conversation?

Can you identify what is releasable info. and what is close hold if any? I just want to provide that to Deb prior to her discussions with states/CLF.

I am assuming the information in the draft state response is ok for Deb to talk about.

Thanks so much.
